### Anty Drudge Advises the Fireman.

Fireman-"Morning, Anty Drudge! You had better go over to Mrs. Slims; she's terribly burned."

Anty Drudge-"How did it happen?"

Fireman-"Over-heated stove. Trying to get the fire hot enough to boil her clothes. My wife was badly burned last week doing the same thing."

Anty Drudge-"Yes, I'll go right over. But look here, young man! Get your wife Fels-Naptha. Then she won't have to boil the clothes. Just use lukewarm or cool water; let the clothes soak for half an hour; that's all there is to it."

Friendship begins with acquaintance. All Fels-Naptha wants is an introduction and it will become your boon companion in laundry and kitchen. We are advertising to get Fels-Naptha

that introduction into new homes. Then we depend on the soap itself

to keep it there.

If Fels-Naptha wouldn't do what we claim; if it wouldn't wash clothes quicker and better in cool or lukewarm water without hard labor or boiling; if it wouldn't save time, work, fuel and health—would over a million women use it every washday?

Not much.

But Fels-Naptha will do these things and more; has done them and is doing them for more and more progressive women every year.

Follow the easy directions on the back of the red and green wrapper.
